can have in Jesus.*

May Mission Month

YawaNews May 2022

Greetings from Jit and Jan Yawan for this May Mission Month, traditionally observed in Australian Baptist Churches for a special focus on the mission of God to take His good news to the world - on our doorstep or in distant places with the

We again prepared a short VIDEO to give you some update on us and our work here in Thailand now that we're finally back, even though COVID is continuing to limit how much we can be out visiting and no group gatherings at the moment.

The video is now uploaded and has 2 versions - one with typed captions for those who need this and the other without. They are on the Baptist Mission Australia website and the easy links are :

Vimeo Link: <https://vimeo.com/706370726>

With captions: <https://vimeo.com/706371525/cac0088b12>

We hope this video will encourage and challenge you & your folk. We look forward

*A few things we've been up to in the last couple of months :
We have been limiting visiting to essential needs but have managed some visits :*

We heard of this girl with hearing impairment from another NGO we coordinate with. Tried to assess if she has any useful hearing.

Visited Morakot with muscular dystrophy - family were happy for us to pray for him and the family.

With Thai New Year and staff vacation completed we are now making plans for more visits but keeping away from areas of active COVID cases.

We were here in time for the end of the school year and the retirement farewell for Jit's next younger sister (dark blue) who has taught at the United Christian School for almost 40 years (retirement mandatory at 60!!). Also farewelling Jit's niece (light blue dress) who will move to a government school as 2 others going to other schools. These folk have been precious friends.

While we were away a storm blew a huge tree across the neighbour's land and they are awaiting the space for their goat raising so an urgent job has been to have this sawn and moved - a mammoth task !!!

Our cat returning home after major surgery for breast cancer (untreated while we were away).

Jit & Jan Yawan
